Goodbye, General Grant.

The editor of a Kansas paper gets off the following, which will be appreciated by the average country editor:

"The head of Lincoln appears on the new silver dollar, the bust of Cleveland will be on the \$10 certificate, and that of Grant on the \$50 one. We'll get a sight of Lincoln now and then, and occasionally may scrape an acquaintance with Cleveland, but good-bye to General Grant, and God bless him!"—Grayson Gazette.

Eat What
You want of the food you need
Kodol will digest it.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it. Else you can't gain strength, nor can you strengthen your stomach if it is weak. You must eat in order to live and maintain strength. You must not diet, because the body requires that you eat a sufficient amount of food regularly. But this food must be digested, and it must be digested thoroughly. When the stomach can't do it, you must take something that will help the stomach. The proper way to do is to eat what you want, and let Kodol digest the food. Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

Our Guarantee
Go to your druggist today, and purchase a dollar bottle, and if you can honestly say, that you did not receive any benefits from it, after using the entire bottle, the druggist will refund your money to you without question or delay. We will pay the druggist the price of the bottle purchased by you. This offer applies to the large bottle only and to but one in a family. We could not afford to make such an offer, unless we positively knew what Kodol will do for you. It would bankrupt us. The dollar bottle contains 2 1/2 times as much as the fifty cent bottle. Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.
